

Your battery specialists

Enirgi Power Storage is a leading provider of energy storage solutions for residential, commercial and industrial sectors and supplies high quality brand name batteries for automotive, marine, renewable energy, leisure equipment and devices.

Enirgi Power Storage offers an innovative and integrated business model through which Enirgi Group has established itself as a recognised player in the Australia and New Zealand energy storage space and is undergoing global expansion through strategic acquisitions.

Our comprehensive network of retail stores and wholesale outlets covering all the major population centres in Australia and growth potential in New Zealand provides national coverage for our Power Storage division, and our unique service model dedicated to the supply, collection and recycling of lead-acid batteries underpins our rapid growth.

With a growing portfolio of power storage solutions and a fully integrated lead metal recycling business, Enirgi Group's Power Storage Division is well positioned to be a leading global supplier of energy storage products and solutions.
