

POWERSPORTS

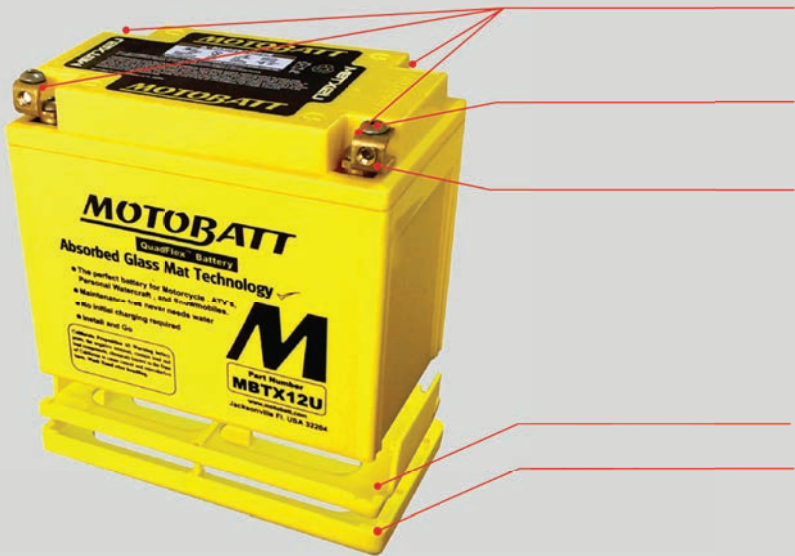

Your battery specialists

Advanced Technology Powersports Battery Range

Enirgi Power Storage offers the best battery solution to cover all of your powersport needs. Our range includes Motobatt and Kage which feature technology to handle the harshest of conditions. Our customers trust in our brand is paramount hence we only distribute products that meet our high standards.

High starting loads are required in powersports, Motobatt and Kage provide a very balanced approach to properly power your machines. Motobatt produce a premium Absorbed Glass Mat battery. Each plate in the battery is wrapped in a fibrous glass matting which not only absorbs all liquid electrolyte but keeps the plates separated in a cushioned environment. This design protects against the high vibration your battery will encounter. Our batteries also feature thick heavy plates which add to their resistance against hard conditions.

- 1 4 Terminal positions on most types
 - 2 Stainless steel fastening screws
 - 3 Threaded brass multi-fit terminals
- 
- 4 Fit spacer
 - 5 Fit spacer

Environmental Services

LOCAL

Enirgi Power Storage offers a complete national network covering dozens of locations, each manned by experienced team members who thrive on delivering outstanding service by partnering with our clients' businesses. We know that it's the people who make the difference which is why we are Your Battery Specialists.

SALES & SUPPORT

At Enirgi Power Storage we strive to partner with you in driving success for your business. The Enirgi Connect Sales & Support Centre is available to answer any query you may have. In addition to our local team members, the Enirgi Connect team can assist with all sales orders, used battery collections and product/technical inquiries.

Timely and accurate deliveries are critical in providing the best service to your customers. The team can work through the product range with you to deliver an optimal sales experience. Combining the functions of our local team members and Enirgi Connect ensure you get the right product for your customer when you need it!

Australia's only full lifecycle battery partner

- ✓ Nationwide battery collection network of over 12,000 collection points
- ✓ World-class, modern facility in NSW recycles more than 97% of a used lead acid battery
- ✓ Only nationally EPA compliant used battery collection & recycling program
- ✓ Environmental accreditation ISO14001 collection network
- ✓ Full lifecycle partner convenience

COLLECTIONS

As legislation addresses the processes surrounding used batteries, Enirgi Power Storage ensures safe, prompt and legal transportation of used batteries. Lead based batteries are processed in our own Australian EPA compliant recycling facility. Our team are ready to book your cost-free collections today.
